Disassembling Microtek ScanMaker 5900 Device Lid

This guide will show you how to take off the scanner's lid.

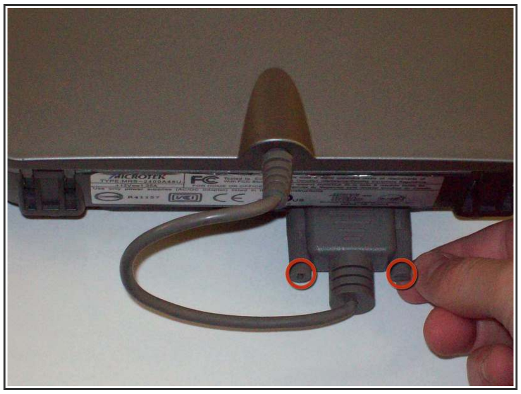

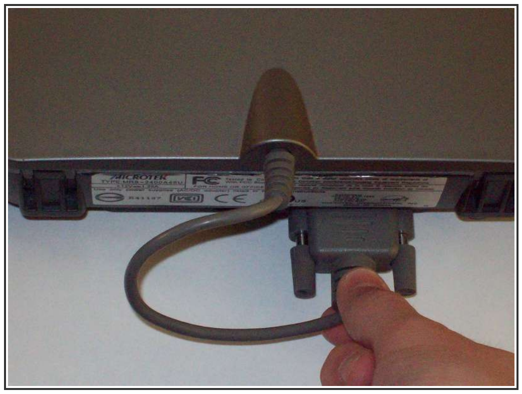

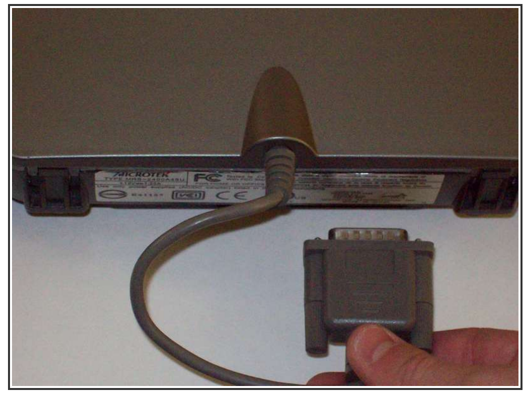

Written By: Taylor Nesheim

INTRODUCTION

This guide aims to teach the owner of a Microtek Scanmaker 5900 how to remove the lid of the device.

Step 1 — Remove serial port connection

- Loosen the screws on the serial port by turning them counter clockwise by hand.
- After loosening the screws, pull the serial port out.

Step 2 — Remove Lid

- Lift lid to its vertical position.
- Pull lid straight up to remove it from the scanner.

To reassemble your device, follow these instructions in reverse order.
